Press Release

Santa Cruz & Monterey Bay Railway's Commitment to Railway Service

April 11, 2016

Ed Ellis, president of Santa Cruz & Monterey Bay Railway (SC&MB), said in a statement today that "There have been suggestions that SC&MB is willing to consider abandonment of the railway. Nothing could be further from the truth. SC&MB has a contract with the Santa Cruz County Regional Transportation Commission, owners of the rail right-of-way, to operate the railroad through September, 2022, and we fully intend to honor that commitment."
