

# Highway 9 San Lorenzo Valley Complete Streets Corridor Plan

2019

Kimley»Horn

## Contents

List of Figures .....	ii
Acknowledgements .....	iv
Executive Summary .....	ES-1
1. Introduction .....	1-1
1.1. Plan Area .....	1-1
1.2. Plan Contents .....	1-2
1.3. Plan Development .....	1-3
1.4. Goals and Objectives .....	1-3
2. Corridor Vision .....	2-1
2.1. Vision for the Highway 9/San Lorenzo Valley Corridor .....	2-1
2.2. Existing Corridor Conditions .....	2-1
2.3. Preferred Roadway Cross Sections .....	2-6
2.4. Corridor-wide Priorities .....	2-13
3. Priority Projects by Location .....	3-1
3.1. Felton .....	3-3
3.2. SLV Schools Campus Area .....	3-21
3.3. Ben Lomond .....	3-40
3.4. Brookdale .....	3-51
3.5. Boulder Creek .....	3-57
4. Project Evaluation & Implementation .....	4-1
4.1. Evaluation Criteria .....	4-1
4.2. Evaluation of Priority Projects .....	4-2
4.3. Implementation .....	4-7
4.4. Funding Opportunities Overview .....	4-13
4.5. Summary .....	4-16

## Appendices

- A – Complete Streets Improvements Toolkit
- B – Identified Projects List
- C – Funding Opportunities
- D – Corridor Plan Public Input
- E – Background Documents and Prior Community Input
- F – Corridor Existing Conditions

## List of Figures

Figure ES 1: Corridor Plan Area Map.....	ES-1
Figure ES 2: Average Daily Traffic Volumes on Highway 9 .....	ES-2
Figure ES 3: Downtown Felton Looking North.....	ES-2
Figure ES 4: Town Center Enhanced Cross Section (Design concept only).....	ES-3
Figure ES 5: Priority Projects .....	ES-6
Figure ES 6: Auto Priority Projects Map .....	ES-7
Figure ES 7: Pedestrian Priority Projects Map .....	ES-8
Figure ES 8: Bicycle Priority Projects Map .....	ES-9
Figure ES 9: Transit Priority Projects Map.....	ES-10
Figure 1.1: Complete Streets Corridor Plan Project Area .....	1-2
Figure 2.1: Population Change by Census Designated Place .....	2-2
Figure 2.2: Mode of Transportation to Work (Selection only, does not include all modes surveyed) .....	2-2
Figure 2.3: Travel Time to Work Change by Town, in minutes .....	2-2
Figure 2.4: Average Daily Traffic Volumes on Highway 9.....	2-3
Figure 2.5: Average Daily Traffic Volumes on County Roads.....	2-3
Figure 2.6: Primary Causes of Collisions in the SLV .....	2-4
Figure 2.7: Motor Vehicle Collision Involvement.....	2-4
Figure 2.8: Downtown Felton Looking North .....	2-5
Figure 2.9: Rural Cross Section with Wider Shoulders.....	2-6
Figure 2.10: Rural Cross Section with Bicycle Access and Turnouts.....	2-7
Figure 2.11: Suburban Cross Section .....	2-8
Figure 2.12: Cross Section with Sidepath.....	2-9
Figure 2.12b: Sidepath Lake Tahoe .....	2-9
Figure 2.13: Town Center Standard Cross Section .....	2-10
Figure 2.14: Town Center Enhanced Cross Section.....	2-11
Figure 2.15: Suburban Neighborhood Street Cross Section.....	2-11
Figure 2.16: Rural County Road Cross Section.....	2-12
Figure 2.17: Priority A – Slow Traffic to Ensure Posted Speed Limits are Followed .....	2-13
Figure 2.18: Priority B – Improving Infrastructure and Increasing Options for Transit.....	2-16
Figure 2.19: Priority C – Bicycle Facilities on Highway 9.....	2-17
Figure 2.20: Maintenance and Emergency Preparedness.....	2-19
Figure 2.21: Automobile Priority Projects Overview.....	2-22
Figure 2.22: Pedestrian Priority Projects Overview .....	2-23
Figure 2.23: Bicycle Priority Projects Overview .....	2-24
Figure 2.24: Transit Priority Projects Overview .....	2-25
Figure 3.1: South of Felton to State Park Area .....	3-4
Figure 3.2: South Felton Area .....	3-5
Figure 3.3: Downtown Felton Area .....	3-6
Figure 3.4: Existing Parking Outside Henry Cowell State Park.....	3-7
Figure 3.5: Existing Midblock Crossing Outside Wild Roots Market.....	3-10
Figure 3.6: Felton Town Center Design Concept.....	3-12
Figure 3.7: Gushee Street at Hihn Street, Looking North .....	3-13
Figure 3.8: Kirby Street and Highway 9, Looking North .....	3-14
Figure 3.9: Cars Backing into Travel Lanes and Waiting to Park South of Graham Hill Road Intersection .....	3-17

Figure 3.10: Highway 9 and Graham Hill Road Intersection Design Concept .....	3-19
Figure 3.11: Alternative Improvement Option – Realignment of Graham Hill Intersection.....	3-20
Figure 3.12: SLV Schools Campus Access Overview .....	3-23
Figure 3.13: South Schools Campus Access .....	3-24
Figure 3.14: North Schools Campus Access .....	3-25
Figure 3.15: Cooper Street Bypass Concept .....	3-27
Figure 3.16: Path Above Retaining Wall Concept.....	3-29
Figure 3.17: San Lorenzo Valley High School Entrance .....	3-30
Figure 3.18: SLV Schools Campus Improvement Short-Term Design Concept – Existing High School Entrance.....	3-33
Figure 3.19: SLV Schools Campus Improvement Short-Term Design Concept – Existing Elementary School Entrance .....	3-34
Figure 3.20: SLV Schools Campus Improvement Long-Term Design Concept .....	3-35
Figure 3.21: Existing Informal Brackney Trail Location.....	3-36
Figure 3.22: Start of Existing Informal Trail from Brackney to Hillview.....	3-37
Figure 3.23: El Solyo Heights and Highway 9 Intersection Improvement Design Concept.....	3-38
Figure 3.24: Downtown Ben Lomond Showing Existing Sidewalks.....	3-40
Figure 3.25: Highlands Park Area .....	3-41
Figure 3.26: Downtown Ben Lomond Area.....	3-42
Figure 3.27: Existing Northbound Hillside Avenue Transit Stop.....	3-44
Figure 3.28: Ben Lomond Town Center Design Concept .....	3-46
Figure 3.29: Trees at West Shoulder of Highway 9, North of Mill Street N.....	3-49
Figure 3.30: Downtown Brookdale Area .....	3-52
Figure 3.31: Berkeley Way and Highway 9 in Brookdale, Looking North .....	3-53
Figure 3.32: Brookdale Town Center Design Concept.....	3-54
Figure 3.33: Larkspur Street and Highway 9 in Brookdale, Looking North.....	3-55
Figure 3.34: Lomond Street and Highway 9 in Boulder Creek, Looking North .....	3-57
Figure 3.35: South Boulder Creek Area .....	3-58
Figure 3.36: Downtown Boulder Creek Area .....	3-59
Figure 3.37: North of Boulder Creek Area .....	3-60
Figure 3.38: Lomond Street and Pine Street, Looking Toward the Elementary School.....	3-61
Figure 3.39: Existing Crosswalk at Forest Street and Highway 9 .....	3-63
Figure 3.40: Boulder Creek Town Center Design Concept – Lomond Street and Forest Street Intersections.....	3-64
Figure 3.41: Boulder Creek Town Center Design Concept – Highway 236 Intersection .....	3-65
Figure 3.42: Highway 9 in Boulder Creek, Looking South from Highway 9/236 Intersection...	3-66
Figure 3.43: Bear Creek Road and Highway 9, Looking East During Rush Hour.....	3-69
Figure 4.1: Project Scoring Symbols .....	4-2
Figure 4.2: Priority Project Evaluation .....	4-3
Figure 4.3: Next Steps: Implementation Process.....	4-7

### **Study Prepared by:**

#### **Consultant Team**

Frederik Venter, Project Manager, Kimley-Horn  
Randy Anderson, Project Manager, TrailPeople  
Derrick Wu, Kimley-Horn  
Marissa Garcia, Kimley-Horn  
Quan Sun, TrailPeople  
Casey Osborn, TrailPeople  
Sofia Zander, TrailPeople

#### **Santa Cruz County Regional Transportation Commission (SCCRTC) Staff**

Brianna Goodman, Transportation Planner  
Rachel Moriconi, Transportation Planner  
Thomas Travers, Transportation Planning Technician  
Joanna Edmonds, Transportation Planning Technician

---

#### **Project Oversight Team**

Caltrans District 5: Kelly McClendon, John Olejnik, Jennifer Calate, and Roger Barnes  
County of Santa Cruz: Steve Wiesner and Greg Martin (Public Works), Paia Levine (Planning)  
County Board of Supervisors office: Supervisor Bruce McPherson, Virginia Johnson and JM Brown  
Santa Cruz Metropolitan Transit District (METRO): Pete Rasmussen

#### **Community Members and Groups**

Hundreds of members of the public provided extensive input during development of this study. San Lorenzo Valley (SLV) communities have demonstrated ongoing dedication to improve transportation safety and access in San Lorenzo Valley (SLV). While many community members have provided significant input on this plan, special recognition is given to Jim Helmer, Brian Largay, and Justin Acton.

**SLV School Access design options:** Jim Helmer, Shawn Vogtman and William Hadaya from WMH Corporation for CAD design work, Christopher Schiermeyer and other SLVUSD staff, board members, and parents.
