If you have served on this committee in the past, please summarize your accomplishments on the committee and indicate which of the committee's potential future endeavors most interest you.

I have been honored to serve on some twenty committees and boards of Directors my career in community service. Throughout that time, my job was help lead those institutions forward. Over thirty nine years, I worked within the board structure and it's By-Laws I was elected president of five of those boards by the community.

I found that working within the board structure and studying what the needs of the community were helped me be successful over my thirty nine years, Whether it was my trad association, A Jewish Day School, The Jewish Community Relations Committee, Hill, SV FACES, JCPA, The Jewish Federation of Silicon Valley, My synagogue, and Regional as well as national boards. Regardless of the Organisational structure, I always found ways to focus the board towards it's objective. Sadly, I turned out on many of my favorite boards. However, I've never lost interest in helping my fellow improve their life.

**Certification:** I certify that the above information is true and correct and I authorize the verification of the information in the application in the event I am a finalist for the appointment.
