

# SANTA CRUZ CAPM PROJECT FACT SHEET

Santa Cruz County – Route 1 – Post Mile 17.5/20.2

## THE PROJECT [EA: 05-1M110]

The Santa Cruz Capital Preventative Maintenance Project is located on Route 1 (Cabrillo Highway) through the city of Santa Cruz from 0.06 miles south of Route 9 Junction to 0.09 miles north of the Shaffer Road (Mission) intersection. The purpose is to extend the pavement life 10+ years and provide ADA compliant curb ramp access. The work will include grinding and paving 2.7 miles of pavement, upgrading up to 88 curb ramps, guard rail upgrade, sign panel upgrade, loop detector replacement, and improvements for bicyclists/ pedestrians, as feasible, in coordination with the City and SCCRTC.

## PROJECT MAP

## COMMUNITY

The project limits traverse an urban environment. The highway, also known as Mission Street, is a busy corridor that experiences seasonal tourism and has various types of businesses, including: hotels, restaurants, government offices, businesses, K-12 schools, and a dense student population at UC Santa Cruz that impacts State Route 1. Local outreach will be conducted to gather input on community needs.
