

2045 Regional Transportation Plan (RTP) Project List

Draft Constrained and Unconstrained Projects - Not Escalated

Projects listed by lead agency, in alphabetical order by project name. Projects with a next to the project name are new projects identified in the 2045 RTP. Project IDs without the letter "P" in front of the number have been also included in the Regional Transportation Improvement Program. "Constrained" represents amount of project cost that could be funded with revenues anticipated through 2045. While some projects have secured funding, this amount does not typically represent committed funds. "Unconstrained" represents amount of project cost that would need additional funding in order to be implemented.
