4	what is your existing design team doing the repair design right now, are they on board already? Would this contract potentially maintenance which would include some design by the CM team?	In 2018, RTC procured and established a bench of on-call consultants for construction management, structural engineering, and civil engineering. An RFQ for civil engineering is anticipated to be released after this procurement is completed. There is no design anticipated for this contract, I would say also, that if any firm is under contract through our project management contract, that it is precluded from submitting a proposal for this RFQ. Additionally, the firm awarded this contract will be precluded from submitting proposals for the other upcoming On-Call Engineering Services procurements.	6/10/2021	6/10/2021	Closed	Pre-Proposal Meeting
