

## Local Access for All Program for Existing and Emerging Transportation Providers of Wheelchair-Accessible On-Demand Transportation

---

June 21, 2023

### Questions Submitted by Potential Proposers

1. Does this program require 24 hour transportation service?

**Response:** The TNC Access for All Program does not require 24 hour service, “On-demand WAV transportation” means that the provider fulfills trip requests within 24 hours through a service that does not follow a fixed route or schedule.

2. Does the WAV trip need to be completed within 24 hours of the trip request?

**Response:** The goal of the program is to complete trip requests within 24 hours of the time the trip is accepted by the transportation provider.

Please see our RFP webpage at <https://sccrtc.org/about/opportunities/rfp/>.
