

An aerial photograph showing a multi-lane highway with active construction. In the foreground, a large drilling rig is positioned on a dirt area. To its left, a yellow crane is visible. The highway has several lanes with cars and trucks. In the background, there are industrial buildings and parking lots. The text 'Highway 1 Construction Update' is overlaid in large, bold, black letters with a blue outline.

Highway 1 Construction Update

[Chanticleer Ave Ped OC](#)

A construction site under an overcast sky. In the foreground, a concrete formwork structure is visible, consisting of yellow panels and wooden beams. Several workers wearing hard hats and safety vests are positioned on the structure. A long, dark pipe or hose extends from the top center towards the workers. In the background, there are trees and a road sign on the right side. The overall scene is dimly lit due to the cloudy weather.

Questions/Discussion
