

Santa Cruz County Regional Transportation Commission

Measure D

Fact Sheet

On November 8, 2016 67.78% of Santa Cruz County voters approved Measure D, a 1/2 cent sales tax measure to improve, operate and maintain Santa Cruz County's transportation network.

Projects will provide safer routes to schools for local students; maintain mobility and independence for seniors and those with disabilities; invest in bicycle and pedestrian pathways and bridges on an unprecedented scale; repave roadways, repair potholes and improve safety on local streets; ease congestion on major roadways; and invest in transportation projects that reduce the pollution that causes global warming.

Measure D

Optimizes funding:

- By leveraging local dollars, our cities, the County, the RTC, METRO and Liftline will be able to compete for federal and state grants that require matching funds.

Committed to voters:

- Members of the public are encouraged to review and comment on annual reports, including 5-year plans identifying specific projects prepared by each agency.
- Annual audits of the expenditure of all funds generated by the measure are conducted by an independent auditor and publicly available.
- A Measure D Independent Oversight Committee reviews the independent annual audits and issues a report regarding compliance with the Expenditure Plan.
- Local jurisdictions are required to use the new funds to supplement, not replace, existing revenues used for transportation. Annual audits will include analysis of this Maintenance of Effort.
