RFP 2189 REQUESTS FOR CLARIFICATION/ QUESTIONS SUBMITTED

QUESTION	RESPONSE
The RFP has a 16-page limit, which is very constrained. Have there been any requests or considerations from the RTC to expand that page limit?	The RTC has released addendum 1 to increase the page limit for the RFP from 16 to 28.
If the RTC was only to receive one proposal, would that be an issue as far as far as awarding this contract.	If only one responsive proposal from a qualified firm was received, the RTC would seek approval from Caltrans Local Assistance on a Public Interest Finding. If not approved, the RTC would re-procure.
