San Lorenzo Valley/ Highway 9 Corridor Plan
Open House
May 31 ♦ 5-7pm
Felton Community Hall
6191 Hwy 9, Felton
www.sccrtc.org/slv

Share your vision for the Highway 9 corridor through SLV, learn about upcoming projects, and participate in development of this action plan.

Building upon past community input, the Regional Transportation Commission (SCCRTC), in partnership with Caltrans, Santa Cruz METRO, the County of Santa Cruz and Supervisor McPherson, is preparing a complete streets plan to make it safer and easier for everyone to get around SLV, whether they are walking, biking, driving, or taking transit.

- What should be given greatest consideration when prioritizing projects? (e.g. safety, school access, maintaining existing roads, economics, traffic flow)
- What types of projects make sense?
- What additional projects are needed to improve transportation through SLV?

While there is not enough money to do everything, the Highway 9/SLV plan will identify, prioritize, and enable implementation of the most critical and cost effective transportation projects along the Highway 9 corridor. The draft plan is expected to be available for public review in the Fall of 2017.

Learn more and sign up to receive updates on the plan at: www.sccrtc.org/slv or call 831-460-3200.
