

# San Lorenzo Valley Highway 9 Committee Issues

*(2013 Bus Tour/Town Halls)*

---

## **Felton**

1. Bike and pedestrian paths from Felton to the San Lorenzo Valley High School and Elementary school.
2. Improve pedestrian access through Felton with trails and sidewalks downtown.
3. Widen and extend sidewalks on Highway 9 from Graham Hill Road to Hihn Street by making parking diagonal.
4. Need safer crosswalk on Highway 9 at New Leaf, and possibly a "keep clear" zone so cars can exit and enter New Leaf parking lot while waiting for the light change.
5. As an alternative to 4, consider a stop light at New Leaf crossing pedestrian safety but also make safer exit of cars from New Leaf lot onto Highway 9.
6. Diagonal parking for safer backing out in commercial areas.
7. Better bikes and pedestrians paths through town to Henry Cowell Park entrance.

## **Ben Lomond**

1. Route 9 Main Street crosswalk add warning devices such as in pavement flasher to overhead beacons to actively alert drivers to pedestrians crossing, install additional electrolier and convert to LED lights on Route 9.  
*(Crossover issue with the BC Ped/Safety/Traffic Flow Committee)*
2. Install a new pathway on the south side of Route 9 from the Quality Inn /bridge southerly to the Mill Street crosswalk. This should include removal of one or more redwood trees to provide sufficient width.  
*(Crossover issue with the BC Ped/Safety/Traffic Flow Committee)*
3. Conduct an engineering speed study on Route 9 in the current 30 MPH zone in downtown (this should closely examine the number of businesses that are now active in this stretch and reported crashes).
4. Overhead street name signs on the traffic signal, replace any existing street name signs with outdated smaller fonts with FHWA required large fonts.

## **Boulder Creek**

1. *The right for businesses to do sidewalk/storefront improvements along Hwy 9.*  
*(Crossover issue with the BC Land Use & Community Aesthetics Committee)*
2. *Create outdoor eating/seating areas on sidewalks along Highway 9.*  
*(Crossover issue with the BC Land Use & Community Aesthetics Committee)*
3. *Bulb-outs at crosswalks I town at Mountain, Lomond and Forest Streets and Highway 236.* *(Crossover issue with the BC Ped/Safety/Traffic Flow Committee)*
4. *Street lights- downtown Boulder Creek.*
